C1 Deutsch Certificate

Amit Patil

Principal Cloud Architect @ Atos | Google Cloud Certified
Nuremberg, Bavaria, Germany

Summary

Professional: I am a pleasant, energetic and flexible leader who speaks German and is Google Certified Professional Cloud Architect. In the last 22 years I have gathered experience in three countries across the globe viz. India, USA and Germany. Most of my work has been in technologies like Java, Spring, Kubernetes, Google Cloud, Open Shift Platform. For the past 10 years I have been working on building application architectures based on platforms like Google Cloud, Open Shift and Web-sphere . Since last 5 years I am staying in Germany and my German is at C2 level.

Personal: Along with my strong professional experience I have had challenging personal experiences in my life, which I believe have made me a better and stronger human being. "Facing Adversity, Building Resilience and Finding Joy", is one of my favorite quotes.

Hobbies: I like to jog 4 times a week. Swimming is what I learnt in last year. I simply like reading and German language is very close to my heart.

Experience

Atos

Principal Cloud Architect

January 2023 - Present (3 years 7 months)

Nürnberg, Deutschland

Architecting and migrating applications on Google cloud platform in order to help Banking Businesses grow. This is being implemented through quick deployment cycles and thus reducing time to market.

Sapres
